

## WE NOMINATE

Henry Bates Ross, one of the Princeton Community's long-visioned educators, who — following a remarkable decade of service — is retiring from his "second career" as a Princetonian deeply concerned with the problems of "tooling up" education to confront the demands of the present and future. Where 11 years ago the soft-spoken Ross "stepped down" after some 30 years of association with the Princeton Country Day School, this week, at age 62, he wrote "finis" to his contributions as National Representative of the Woodrow Wilson National Fellowship Foundation, which has done more than any other organization in recruiting young people of promise for the profession of teaching and scholarship.

During his years with the Wilson Fellowship Foundation, Ross built up and maintained over 1,100 Woodrow Wilson Campus Representatives on some 1,050 campuses in this country and Canada. These Representatives, both faculty members and administrators, serve without pay, and perform all kinds of duties such as telling candidates about the Wilson competition, advising them about graduate school choices and often serving as "apostles of excellence." In the opinion of one associate, Ross' intimate knowledge of "virtually every campus, combined with his being liked by just about everyone he meets, made him the perfect man for the job."

Ross, the New York-born son of a British naval officer and the grandson of a president of Aberdeen University, was educated in Scotland, England and Canada, and understandably became the Wilson Foundation's "Canadian Ambassador." According to one spokesman, "there is little going on in higher education in Canada that he doesn't know and there are few people in higher education in Canada whom he

doesn't know." Consequently, in the space of a single year, the share of Canadians in the continent-wide Wilson Fellowship Program, founded in Princeton in 1915 and subsequently expanded with Ford Foundation support, "shot up from 4 per cent to 9 per cent, an incredible leap."

Whether as Headmaster of the erstwhile P.C.D., today an integral part of the Princeton Day School, or with the Wilson Foundation, Ross has relished participating in new approaches and programs. The latest of his achievements has been his role in developing a "grass roots humanities program" which will enable the Wilson Fellowship Program, with a major grant from the National Endowment for the Humanities, to "carry the message of the humanities" to all parts of the country, using almost any conceivable combination of an art show, slides or movie clips, or lectures by nationally recognized authorities.

In his 11 years as the guiding-force in P.C.D. even more impressive than the cold statistics of growth were his accomplishments in the sphere of "intangibles" — spirit, insistence on high standards and mental discipline. For instance, he pioneered in the evolution of an excellent hobby and crafts program, bringing students and faculty into close contact. Such developments were skillfully used as the underpinning for the "core curriculum" — English, foreign languages, history, the humanities and science and sound preparation for the future.

For looking upon each "retirement" as an opportunity for renewal; for understanding that American youth, whatever his age, is "still a combination of Tom Sawyer and Penrod — but in the Space Age;" for insisting that the "fractured prose of 1969" is something best forgotten; he is TOWN TOPICS nominee as

**A WARNING**  
From School Board Member.  
In words that were blunt and sharp at the same time, school board vice president William Marvel this week warned:

"The future of Princeton schools is at stake. If the situation doesn't change next year, we'll be in danger of delivering our schools over to the enemies of enlightened education—and I can't emphasize this strongly enough." Dr. Marvel, who emphasized that he spoke for himself and not for the board, talked with the press at an informal conference he called on Monday. The school board president, Dr. John Marks, is away for the summer.

At the same time, Dr. Marvel assured three persons who spoke in the heat of last Tuesday's board meeting. All three comments had been made in reference to Mr. Marvel's choice for principal of Princeton High School, Raymond F. Male. Mr. Male was denied certification by the state board of education's board of examiners, and therefore had to be rejected as a candidate for the principal's job.

• "You had 85 applicants for the job, and only one was acceptable!"

Answer: "Yes—that is correct," Dr. Marvel stated. "Ray Male was the only candidate with the substantial support of the board. Most of us—in fact, seven out of the nine members—felt that he was the only candidate who presented an exciting picture of what he wanted to do at PHS."

No "blueprint" of plans was presented, Dr. Marvel explained, but Mr. Male discussed with the board his commitment over the years to vocational education; to construct a new out-of-school ways to keep young people occupied; to "outreaching experience," using the whole community, including industry and government, as a lab for education; to utilization of other buildings in the community to relieve over-crowding at PHS.

Dr. Marvel also said that a few candidates were out of the question because they wanted as much as \$10,000 more than the board felt it could pay. Another candidate, Dr. Marvel said, was vehemently and totally opposed by both black members of the school board. Since these two members, Mrs. Kathleen Edwards and the Rev. C. Shelby Rooks, do not always agree on many things, the fact that they agreed so firmly against this candidate was significant.

• "The superintendent took the board down a path that led nowhere, allowing an uncertain candidate to be pursued despite the strong objections of several board members."

Answer: "In January, Superintendent McPherson suggested that he and a teachers' committee agree on a single nomination to present to the board," Dr. Marvel explained.

**A TIME FOR UNITY:** William W. Marvel, Vice President of the Board of Education, warns of the tragic consequences facing Princeton's Region A schools if existing divisiveness is not ended.

"The board insisted on having a voice in the selection," So Mrs. Edwards and Mrs. George Fremont of the board agreed to meet with the candidates. With the teachers' representatives, members of the administration and students' representatives this makes four groups which met and screened the candidates. It was not solely the superintendent at all.

From this screening came seven top candidates, Dr. Marvel continued. Most of these were interviewed by many board members as possible and by the groups named above.

"We turned up very few people who excited the board," Dr. Marvel commented.

He explained that, if Mr. Male had been certified, the board wouldn't have had to prepare its position ahead of its public vote on Mr. Male. As it was, the board had to decide ahead of time, and in private, whether it wanted to authorize Superintendent McPherson to request certification.

The board's 7-2 vote, therefore, was on the question, "Shall we authorize Dr. McPherson to approach the state on Ray Male?" It was not a formal vote on Mr. Male. That vote would have had to take place in a public meeting, as required by law.

• The board tried to ram only one candidate down our throats."

Answer: "It wouldn't have been fair to the other candidates, to the losers, to parade them publicly," Dr. Marvel explained, "especially when some were eliminated right at the start because they simply wanted too much money."

Mr. Male, incidentally, did not apply for the job. His name was suggested by one of Princeton residents who had known him for many years, Dr. Marvel said. "We were surprised that he was interested."

Dr. Marvel observed that people around town "didn't seem to be riled up against Mr. Male," the board received, maybe, three letters on his candidacy.

### Male Appeal?

The Princeton Regional School Board hasn't decided whether to appeal the state's decision not to grant certification to Raymond F. Male, the board's candidate for principal of Princeton High School.

Appeal would be made, said board vice president William Marvel, to Carl L. Marburger, state education commissioner. Since Mr. Marburger was a strong supporter of Mr. Male's certification, he would presumably decide in favor of the Princeton board.

Then, if the NJEA in turn appealed, Commissioner Marburger's decision, the matter could then be taken to the state board of education and eventually to the courts, Dr. Marvel says.

Teachers at PHS, said a former officer of the PREA, were distressed at Mr. Male's lack of certification, but Mrs. Ruth Randall, president of PREA, said the organization didn't plan to take any stand on him, either for or against.

In Trenton, however, the forces of the New Jersey Education Association were powerful "against" Dr. Marvel said that he, school board president John Marks and superintendent McPherson, presented the case for Mr. Male to the state board of examiners.

At that meeting, Dr. Marvel said, he warned that high schools might be next in line for student revolt and he said we must think of new answers.

He suggested that reaching outside boundaries could bring new strength into an organization, and he added that it was somewhat ridiculous to brand as "unqualified" an administrator like Mr. Male with 16 years of experience in public administration.

Pressure from the NJEA, however, wiped out the arguments of Messrs. Marvel, Marks and McPherson and Mr. Male was denied his certificate.

(Four days after the Male decision, the NJEA called for an abolition of the certification appeals committee that had unanimously recommended approval of Mr. Male to the board of examiners.)

The committee, said the NJEA, lacks responsibility or accountability and any sense of obligation toward recognizing minimum guarantees or proficiency among those upon whom it passes.

NJEA representatives also charged political motivations in appointing Mr. Male. He is commissioner of labor and industry, and may be out of that job when Governor Richard Hughes leaves the State House at the end of this year.

"When you consider the political pressures brought by the NJEA," Dr. Marvel observed, "it's quite an irony to hear them talk about political motivations."

Future? Turning back to the future of Princeton's schools, Dr. Marvel said that every one on the school board felt

to a year of suspicion, travail  
and negativity," he observed,  
and I'm afraid we've devel-  
oped a habit here in Princeton  
of thinking of our schools this  
way."

Dr. Marvel addressed him-

silent, moderate majority of  
parents and citizens" and  
urged this broad and unorga-

school board and help it go  
ahead.

He said that "nicking away

### Police Seek Driver

In connection with the  
hit and run death of a North  
Brunswick man last week  
(story this page), Township  
Police would appreciate  
hearing from anyone with  
any information on the ac-  
cident.

This would include any  
motorists driving on lower  
Nassau Street around 1  
a.m. last Friday or any  
residents living on Nassau  
near Snowden Lane.

The police would also like  
to hear from the driver of  
the car following directly  
behind the Suburban Trans-  
it Ras traveling on lower  
Nassau from New York to  
Princeton at about this  
time. The driver pulled  
about the bus as it wound  
over to the shoulder area  
of the road.

leaves, what kind of man will  
the next superintendent be?  
The one who's willing to come  
to a school system like this  
Pondering the present situa-  
tion on the school board, Dr.  
Marvel said, "I'm optimistic;  
I think we can re-knit ourselves  
as a board."

He said that the Rev. C.  
Shelley Rooks had drawn on his  
experience as a minister to  
suggest that the board go off  
for a two-day "retreat," as  
some religious groups do.  
"I like that idea," Dr. Mar-  
vel agreed. "The board needs  
to talk over its problems, talk  
out its relationship to the  
superintendent, and develop  
sound internal guide-lines.  
Then we could invite the  
superintendent in, and talk it  
out with him."

Questions the board must  
ask, he proposed, are "How  
can we support our superin-  
tendent without robber stamp-  
ing his ideas?" "How should  
we behave toward each  
other?"

### BUILD A SCHOOL HERE

Public Hearing Set. The  
school board would like to have  
a three-lot parcel of land on  
Snowden Lane formally map-  
ed on the Township Master  
Plan map as a future school  
site.

A public hearing on the ques-  
tion will be held Monday, July  
14 at 8 p.m. in Township Hall.

The parcel is identified by  
the name Hall-Hudson because  
ownership divided between Mr.  
and Mrs. Holmes Hudson, and  
two Hall sisters — Miss Molly  
Hall and Mrs. T. B. Fisher.  
Actually, the Planning Board  
has been told by its lawyers  
that it doesn't really have to  
hold the public hearing at all.  
The land eyed by the school is  
in a section of the Township  
already marked on the Master  
Plan map, in a general way, as  
a possible area where a school  
might be built.

### MAN IS VICTIM

Of Hit and Run Accident.  
Joseph Miller, 27, of North  
Brunswick, was found lying in  
the middle of Nassau Street at  
1:12 a.m. Friday morning. The

apparent victim of a hit and  
run accident.

A passing motorist spotted  
the victim lying on Nassau  
about 400 feet east of Snowden  
Lane and notified Sgt. Robert  
Anderson and P.I. Anthony  
Ranfone in a Borough patrol  
car. Borough Police called and  
an ambulance and notified  
Township Police. Miller was  
dead on arrival at Princeton  
Hospital.

Township police believe the  
victim may have been side-  
swiped, which may have dam-  
aged the vehicle that struck  
him on the left front and left  
side.

**OLD BUILDINGS FOR NEW**  
Plans Revealed: Two Princeton institutions have plans which could change the face of the Borough — and shift the balance of its tax rolls.

The Princeton Savings and Loan Association told the Borough Planning Board Tuesday night it hopes to buy the 130-132 Nassau Street building that now houses Dr. Nathan Kissel, optometrist; The Wright Store and Luttman's.

The building, owned by John P. Hoff, would either be torn down to make room for a new structure, or remodeled to provide a larger home for the savings and loan organization. Its present office is 19 Chambers St.

Red Cross, The Princeton chapter of the American Red Cross wants to buy the house at 7 Madison Street and some adjoining land on the private street known as Branch Avenue.

In one of those coincidental happenings that occur in small towns, Mr. Hoff, owner of 130-132 Nassau, came to the planning Board meeting to speak for the Red Cross.

He told the board that the present Red Cross building at 71 University Place, is leased from Princeton University under a lease which expires August 1. The University does not wish to renew.

Mayor Henry S. Patterson had just given a Princeton University spokesman say the University "hasn't decided yet whether taxes would be paid on One Bayard Lane, the 'Palmer House' now owned by the University, and the mayor was in no mood to hear about possible additional tax losses.

"I am deeply concerned," he

**PETER PAUL AND MARY:** These white Alsatian puppies look more like a tumble of clean white bath-towels than a trio of folk-singers, but that's the roll-call: Peter, Paul and Mary. The pups belong to Mr. and Mrs. Richard H. Hughes, 183 Edgerstone Road. The stately mother is Mitti, the affectionate father (he's nursing Susan Hughes) is Johann Sebastian Bach, known as Saba, after a Caribbean island the Hughes are fond of. said. "I urge the Red Cross to re-consider buying property which would then be removed from the Borough's tax rolls."

Lawyer Samuel Lambert III had told the board the Red Cross plans to ask the Zoning Board for a conditional use permit in the R-4 residential zone as a "philanthropic institution." Translated, this means "no taxes."

When Mr. Hoff began to defend the Red Cross, citing such community services as free blood, Mayor Patterson cut him short. "You provide those services also to surrounding municipalities — to people in the Township, in Montgomery Township and so on — why shouldn't those towns you serve share our tax loss?"

"Organizations like the Red Cross and churches are innocently asking for it," the mayor warned, "and it may come to Federal court decisions on whether they should be tax-free."

Actually, all the Red Cross wanted was some advice on the number of parking spaces and on traffic flow. The flow of traffic was channeled to the Traffic Safety Committee. And the mayor emphasized that he certainly didn't want to make a Federal case of it himself.

Besides, the additional tax revenue that could come from new or spruced-up 130-132 Nassau would soften the bite.

Bayard Lane. The University wants to use "Palmer House" as a guest house for an average of 6-7 and a maximum of 20 TIP University visitors. They would be given sleeping accommodations, and light breakfast only. No meals. No big dinners: these are planned for renovated "Prospect" on campus.

The University came before the board for site plan review. Because the stately gateway to One Bayard Lane gives on both Bayard and Nassau, traffic was a matter of anxious concern.

The University plans to use the present gate as an entrance only. A ceremonial entrance exit will be farther down Bayard Lane.

That's a valuable piece of real-estate," observed Arthur Morgan of the board. "You plan to sub divide it ever?"

Frank Reiche, University counsel, said no. Questioned about taxes by Mayor Patterson, he said he didn't know, and added "the University hasn't decided yet."

The University did pay Borough taxes on "Lourie House" when it was a guest house, according to the mayor. He told Mr. Reiche that the Borough does not regard "Palmer House" as an educational institution.

The owners also want to  
abandon four apartments  
above the main store, leaving  
the space unused. This would  
ease parking requirements un-  
der the zoning law. If you don't  
have apartments, you don't  
have to count them in when  
you calculate the parking  
spaces you need.

"At what point do we stop  
making it hard for people to  
find apartments in Princeton?"  
the mayor demanded. "I don't  
like the idea of kicking four  
people out of town because the  
apartment space is needed to  
fill parking requirements."

A C. Reeves Hicks, lawyer  
for Lee Bellows, owner of the  
shop, said, "Mr. Bellows is a  
retailer, not a landlord." He  
added that it wasn't just park-  
ing Mr. Bellows and the archi-  
tect want to eliminate the  
apartment entrance and stair-  
well to make a larger, more  
modern shop.

Mr. Bellows said he'd go  
along with an apartment en-  
trance somewhere else in the  
building, if that could be ar-  
ranged. "It is our mission to  
serve Princeton," he commen-  
ted. "To do it, we need a big  
garage and better store."

The Bellows case goes back

**MRS. LUMMIS NAMED**

To Riverside Interim, Mrs.  
Dorothea Lummis has been  
named acting principal of  
Riverside School. The appoint-  
ment, effective July 1, will  
terminate approximately Feb-  
ruary 1, when the new princi-  
pal, Mrs. Edith Scott, is sched-  
uled to arrive.

A member of the Princeton  
school system since 1949, Mrs.  
Lummis has been curriculum  
coordinator since the 1966  
merger of Borough and Town-  
ship schools. She will continue  
in this capacity during her  
months at Riverside, with the  
assistance of other principals  
in the district.

Mrs. Lummis joined the staff  
of the Borough's old Nassau  
Street School in 1949 as a  
teacher in the elementary  
grades. She was principal of  
the school from 1959 until 1963.  
She was graduated from  
West Chester Teachers College  
in Pennsylvania and earned  
her master's degree at the  
University of Pennsylvania.  
She holds a Professional Diplo-  
ma from Teachers College,  
Columbia University and has  
done additional graduate work  
at Trent State and Rutgers.  
Her husband is Archie Lum-  
mis, an assistant cashier at the  
First National Bank of Prince-  
ton. The Lummises live at 514  
Mercer Road.

**NURSING HOME OPENS**

On Quarry Street, The old  
Quarry Street School is now  
the new Princeton Nursing  
Home.

The converted school build-  
ing was officially opened Tues-  
day afternoon as Governor  
Richard Hughes cut the sym-  
bolic ribbon and Princeton  
two mayors—Henry S. Patter-  
son for the Borough and John

D. Waller for the Township  
spoke brief words of welcome.

With a capacity of 112 beds,  
the Princeton Nursing Home  
is equipped to provide con-  
venient care for patients who  
will return to their normal  
lives, rehabilitation for the  
disabled and care for the  
chronically ill.

The Early American theme  
has been used in decorating  
the large visiting room on the  
first floor, and the dining  
room. The second and third  
floors each have recreation  
rooms with color TV, games  
or quiet areas for relaxation.  
Each floor has a small kitchen  
ette.

Private and semi-private  
rooms have "hio beds" in  
dividual air conditioning and  
individual locked closets and  
chests of drawers for each  
guest. Separate outlets are  
available for TV and private  
telephones.

The administrator is William  
P. McFadden, who holds a BS  
in nursing from Villanova, has  
studied nursing home adminis-  
tration at Columbia Univer-  
sity and has had approxi-  
mately 18 years of experience  
in the field.

**Fireworks Ahead**

A rocket lit and  
Fired just right,  
May light the moon  
Tomorrow night.

The posters advertising  
Palmer Stadium's annual  
Independence Day fire-  
works display list two rain  
dates. Hopes are that  
neither will be needed, but  
Friday forecast indicates  
that such insurance may be  
advisable.

The pleasantly cool  
weather which arrived early  
Wednesday will last  
through Thursday, the Man  
reports, but the Fourth is  
expected to be cloudy,  
humid and possibly wet. A  
clear weekend, however,  
should follow.

**APPEALS DENIED**

By Zoning Board, Plans to  
add a fourth office floor to the  
Pickering Building on Cham-  
bers Street were stymied last  
week, when the Borough Zon-  
ing Board denied a variance  
sought by the owners from the  
off-street parking require-  
ments. The extra floor would  
have required ten more park-  
ing slots.

The board stated that the Chambers Street area is among the most congested in the Borough, and that the availability of parking spaces, not only on the street but in the private and public lots as well was limited.

Another plan by the applicants, whereby the necessary spaces would be created by parking cars in entrance and exit lanes and hiring an attendant to move the cars, was also rejected.

In another case, Barry Snyder was turned down in his request to operate a fine arts gallery at 19 Vandewater Avenue. The previous owner, Ardis Leigh, had been granted permission by the board to operate an antique shop there by appointment.

The board noted that contrary to the situation that prevailed when Mr. Leigh received his variance, property in the neighborhood opposed the application of Mr. Snyder. It also felt that the art gallery would be an expansion of the limited commercial use permitted Mr. Leigh.

The board also announced one operational change. Henceforth, all applications must be filed within 15 days prior to the meeting, instead of the former 10 days.

**PETITION SEEKS BAN On Sex Education.** Petitions demanding a ban on sex education courses and sensitivity training in New Jersey's public schools are being circulated in Mercer County by a parents' group. A rally held at Central Baptist Church in Ewing Township Monday night drew more than 100 persons from surrounding communities, including Princeton, many of whom added their names to the petition.

Gordon Whitney, dean of the Trenton Bible Institute, organizer of the rally, said about 150 signatures had already been obtained prior to Monday night's meeting. The petition seeks a law banning all sex education instruction, except the teaching of personal hygiene. Teachers violating the law would be discharged.

Mr. Whitney said sex teaching invades the area of religion, because it involves basic outlooks and values. The "new morality" is a religion of "sex hedonism," cursed by vener-

al disease, illegitimate children, divorce and abortion.

Mercer County Assemblyman William E. Schlaier described for those present three measures affecting sex education that are currently in the legislature. He is cosponsoring an assembly resolution calling for a legislative investigation of State Department of Education guidelines and policies on sex education.

Another resolution calls for a moratorium on new sex education programs until the legislative study is completed, while a third would allow parents to have their children excused from sex education classes.

Mr. Schlaier said later he does not favor the total ban on sex education proposed in the petition, but rather that schools should present basic information on venereal disease, abortion and reproduction "in a scientific, matter-of-fact way."

### WILL BOROUGH APPEAL?

No Decision on Sheehan. The Borough hasn't yet decided whether to file an appeal in the Timothy Sheehan case, but Mayor Henry S. Patterson said this week that a decision would probably be made by next Tuesday.

Superior Court Judge Frank Kingfield ruled on June 19 that the Borough had to give Mr. Sheehan a building permit for the office building he has started on the corner of Nassau and Markham Road.

Mr. Sheehan obtained his building permit under the Borough's old zoning ordinance. A clause in the new 1968 zoning law cancelled all building permits as of last November 20, but Mr. Sheehan went ahead anyway and began excavations for his new building.

### POLICE TO ENFORCE BAN On Firecrackers.

Mr. Fred Porter of the Township has announced that the police will not tolerate illegal fireworks at the annual Palmer Stadium display Friday evening.

"We had a little trouble last year," he said. "Some spectators were burned by cherry bombs and firecrackers that were thrown in the stadium. We made several confiscations."

Lt. Porter said the stadium would be well patrolled by police and plain clothesmen to enforce the ban.

### Information Sought.

To the Editor of *Town Topics*:  
Following is an open letter to Martha Lou Stohlmann, Don and M. Meisel, Joseph O. Rond, Elliot A. Daley and Janet G. Harbison:

In order that the public may know more about the details, message and materials used in so-called "Sensitivity Training Programs," would you be willing to meet soon with a committee of Concerned Citizens? Our purpose would be to have you tell us in detail just what was said and what went on at the Sensitivity Training Programs that you attended.

Kindly reply to the undersigned.

HOWARD S. UNANGST  
182 N. Harrison Street

Editor's Note: The five Princeton residents Dr. Unangst addresses wrote a letter to TOWN TOPICS last week declaring that "teachers in our schools and anyone else — could profit from Sensitivity Training if they voluntarily join groups led by responsible trainers, with minds open to the possibility of change in their own attitudes and behavior."

**COLUMBIA GRADUATE:** Miss Ellen C. Oppler, daughter of Judge and Mrs. Alfred C. Oppler, 26 Horner Lane, has received a Ph.D. in History of Art from Columbia University with distinction. She has accepted as assistant professorship at Syracuse University.

### Baseball for Every Boy.

To the Editor of *Town Topics*: I feel Princeton has two (not one) programs open to "all boys." The P.B.A. summer program is open to all boys, ages 9-12 if they reside in Princeton or attend Princeton schools.

The league operates eight varsity teams, sponsored by local organizations. Each team has fifteen regular players and two substitutes. It is true that when these 136 regular positions are filled, the remaining boys are "cut" from the varsity teams. However, these boys are not dropped from the program.

Every Saturday morning during the season a well supervised baseball school is run at Marquand Park. This program includes instruction and inter-grade games. The program has been expanded in recent years to include seven and eight year olds.

The P.B.A., with volunteer coaches from sponsoring organizations, has run this program for eleven years at no expense to any boy or his parent. The sponsors supply men and uniforms and the P.B.A. all the equipment and player insurance.

The league also feels that every boy should play in every game. Rather than "try" to work in less skilled players, we have adopted a rule stating that each boy play at least two innings and come to bat once.

This year, through the co-operation of the Joint Recreation Board, all games will be played at Community Park.

A solution to having more boys play would be to expand the league. However, there are problems with fields, volunteer help and financing. If any organization is interested in this program they may contact me at 921-7166 or David Potts through the Princeton Township Police Department.

### Consolidation for What?

To the Editor of *Town Topics*: Following is the text of an open letter to Mayor Henry S. Patterson:

There have been a few symptoms to indicate that taxpayers of Princeton Borough as they approach the dog days may be faced with the threat of a proposal for consolidation of the Borough and the Township. At so, it appears there might be a time factor involved that would remove the possibility of reasonable opportunity for the community to inform itself and to deliberate the question in the proper manner.

The primary question, of course, is why even talk about consolidation? If it is taken up *Town Topics*, Princeton, N.

now, it will be the third time it has been brought to the front in the past 20 years. What, if any, changes have occurred which justify even putting forward such a public question?

From the standpoint of the citizens and taxpayers, no changes are evident that would seem to call for giving the matter serious attention. The question, therefore, would boil down to what reasons there may be from the standpoint of politicians, officials, and employees? The burden of proof as always, is on the proponent.

In 1953, there was an attempt made to consolidate the Borough and the Township. This went so far as formulation of a plan upon which there was a vote in November of that year. Despite the fact that polls taken during the preceding months indicated a vote heavily in favor of consolidation, the idea was rejected in the election by a three-to-two vote.

Of course, in 1953 we had two eminent University authorities on political science and on law. They played a leading role in the analysis and action on the subject of consolidation. I refer to Professors Carpenter and Sly. They were both ardent foes of the idea, based on a lifetime of study and action in that field.

As you no doubt recall, there was another public discussion of the subject in 1962.

Professor Sly repeatedly pointed out that in New Jersey from 1900 to 1962, there had been 180 separations of municipal units and but three consolidations.

He always stressed the fact that the problem in the municipal situation principally is one of moving from common interest to common purpose. He said this could be attempted through one of five different means, as follows:

1. Consolidation; 2. Annexation; 3. Intermunicipal agreements; 4. Use of special districts; and 5. Public authorities for consolidation of services over a regional area.

The arguments for consolidation, as usual, were:

1. Similarity; 2. Need for similar services; and 3. Increase in efficiency and economy.

Most of the studies of the subject indicated that first two were more than offset by the third. No evidence of a noteworthy possibility of increasing efficiency and economy was produced, either specifically on the basis of an analysis of items, or relatively in comparison with other places. The argument that there will be an increase in economy and efficiency in policies and government because of consolidation usually is unsound, even though it may seem plausible to emotionists who are afflicted with a power obsession or unhampered by experience or reason.

There is a great deal of experience on the subject, and it all indicates that the small unit, operated as largely as possible by volunteers, is the most economical and efficient pattern. The record, of course, clearly shows that once this principle is departed from and the seeds of a predatory bureaucracy are planted, the hired help just naturally get busy with empire building.

They work while you sleep. It means more hired help, more professional bureaucrats, and more expenditures, with less attention to real results and efficiency.

There is an effect of diminishing returns in putting things together in every field. It builds up faster in the public sector than elsewhere, because few people functioning in that sector are qualified for the kind of assessment necessary to protect the public interest. Also, the community consensus is not yet educated to apply the correct criteria to the actions and commissions of their agents.

The tax picture for consolidation has been unfavorable from the standpoint of the Borough each time. Now the pre-

**THREE TEACHERS RETIRE**  
 From Princeton Faculty  
 With a total of 99 years of service to the university, three senior members of Princeton University are retiring this month. They are: Dr. Gerhard Fankhauser, Dr. Harold Sprout, and Dr. Edward W. Suppiger.

Dr. Fankhauser, 177 Moore Street, an embryologist and cell biologist has been engaged for many years in research work on the development of amphibia. A native of Switzerland, he studied at the Gymnasium, Burgdorf, Switzerland, the University of Geneva, the University of Zurich, and the University of Berne, where he received his Ph.D. degree in 1924. He taught four years at Berne before coming to this country in 1929 as a Rockefeller Research Fellow at the University of Chicago.

In 1930 he had a Rockefeller grant at Yale University, and in 1931 joined the Princeton faculty as an assistant professor. He was advanced to Associate Professor in 1939 and to Professor in 1946. In 1956 he was appointed the Edward Grant Conklin Professor in Biology.

Following his retirement, Dr. Fankhauser plans to remain in Princeton and to continue his research in the university laboratories.

**NINETY-NINE YEARS OF SERVICE END:** These three Princeton University faculty members are retiring this year having served the university for a combined total of 99 years. Left to right are Dr. Gerhard Fankhauser, the Edwin Grant Conklin Professor of Biology; Dr. Harold Sprout, the Henry G. Bryant Professor of Geography and International Relations; and Dr. Edward W. Suppiger, Professor of

international relations. With his wife, Margaret Tuttle Sprout, he has written a number of works which have become standards in their field.

Professor Sprout was graduated from Oberlin College in 1924 and received his M.A. there the same year. He received his doctorate in political science and law from the University of Wisconsin in 1929. Prior to joining the Princeton faculty in 1931, he taught for two years in Stanford University's Department of Political Science. He was named the Henry Grier Bryant Professor in 1952. He has been closely associated with the Woodrow Wilson School of Public and International Affairs.

Upon retirement Dr. Sprout will remain as a Research Associate in the university's Center of International Studies.

Dr. Suppiger, 95 College Road West, has had experience in three separate branches of the engineering profession. Beginning his career as a structural civil engineer, he earned recognition in aeronautical engineering research and development during World War II, and since the war has

 liminary propaganda says it is a little less unfavorable! Good money is actually spent for this kind of double talk! It, as usual, takes up the subject backward.

It does not touch the expenditures, their amount, the need, or their relative importance. We are supposed to ignore 80 percent of the subject, and allow ourselves to be brainwashed by a theoretical, academic piece of propaganda that cannot stand a common-sense analysis.

Talk about consolidation of municipal entities now is just another symptom of the taxinomania from which politicians and political employees are suffering as part of a nationwide madness.

Although there is much more to be said on the details of the problem, consolidation is not a subject important enough to the community to justify wasting time on it in 1959. It would seem much more to the advantage of the community to face to the waste and futility now piling up in the name of education, managed by overzealous amateurs.

A proper assessment of public school expenditures by non-educators is competent to do so probably would show that more than one-third of the total outlay cannot be justified. As one indication, look at the ridiculous increase put over in the tax bill the community has recently been banded. Also, remember that it is one of the fruits of consolidation.

### FAMILIES TO PLAY HOST

To Field Service Students. Forty-three American Field Service (AFS) students from 27 countries will arrive Sunday afternoon at Princeton High School for a three-day visit as the guests of 27 Princeton area families. The students have spent a year as members of families and as students of high schools in communities across the United States.

This bus of students is one of 15 bringing the country enroute to Washington, D. C., where 3,000 AFS students will have a final meeting before returning to their own countries.

Activities planned for the Princeton visitors include a picnic at Shipataken by invitation of Mr. and Mrs. Kehoe, a tour of Princeton University and RCA, and swimming parties. Handling the arrangements here are co-chairmen Mrs. A. G. Chenieck and Mrs. Hugh Hoffman.

Assisting the chairmen as members of the AFS committee are Mrs. Alice Bleimayer, Mrs. Betty Cleaver, Mr. Harry Cooke, Mr. and Mrs. James Watson, Mr. John Baker, Mr. Peter Kling, and Miss Mary Anne Hoffman.

The 23 families putting up the students during their stay in Princeton are: Mr. and Mrs. Charles Mueller, Mr. and Mrs. A. G. Chenieck, Mr. and Mrs. Hugh Hoffman, Mr. and Mrs. Frederick Lawrence, Dr. and Mrs. C. G. Smith, Mr. and Mrs. Lee Wiley, Rev. and Mrs. Brian McCarthy, Mr. and Mrs. John B. Breckenridge, Mr. and Mrs. Brinster, and Mr. and Mrs. William Combs.

Mrs. Samson has been vice-chairman since 1968, a member of the board since 1964, and a volunteer in recording since December 1963.

Mrs. Eric M. James, 148 Poe Road, was elected vice-chairman. Other officers re-elected are Mrs. Charles G. Davis, Jr., 10 Quaker Road, treasurer; and Harold H. Perry, 777 West State Street, Trenton, secretary.

### LIBRARY PLANS PROGRAM

For Area Children. The Princeton Public Library has announced plans for a children's summer program which will include a story hour by the well-known Princeton storyteller, John Cousins. By popular request, Mr. Cousins will again present an hour long program each Monday in July at 7 p.m. Children of all ages are invited to attend.

Also featured by the Children's Department of the library will be a favorite picture book series led by the staff of the department. Using an audio-visual format, the one-half hour programs will be held each Wednesday at 10 a.m. and will run through July, with the program beginning July 9. The series is open to pre-kindergarten children, ages 3 to 5.

## BUSINESS In Princeton

**AWARDS PRESENTED**  
By Western Electric. The Western Electric Annual Award for Excellence in Technical Writing has been presented to Jack Longfellow and Richard B. Palme of Western Electric, and to Professor John D. Wood of Lehigh University. The presentation was made at the company's Engineering Research Center on Carter Road, Hopewell Township.

Mr. Longfellow, Mr. Palme, and Mr. Wood received the award for their article, "The Effects of Electrode Material Properties on the Wear Ratio in Spark Machining," published in the February 1968 issue of the Journal of the Institute of Metals. The article is based on work conducted at the Engineering Research Center in connection with the Western Electric/Lehigh master's degree program. This work was the subject of Mr. Longfellow's master's thesis.

Mr. Longfellow, who is a member of the research staff at the Engineering Research Center, is a specialist in laser studies. He completed the master's degree program and received his degree in metallurgical engineering from Lehigh University in June 1966.

Mr. Palme, a research leader at the Center, has master's degrees in mechanical engineering and metallurgical engineering, both awarded by the Massachusetts Institute of Technology. He is presently engaged in thermal energy studies and applied optics.

Dr. Wood, an associate professor of metallurgical and material sciences at Lehigh, has the master of science and doctor of philosophy degrees from Lehigh. In addition to his professional duties, he also serves as a member of the university's Materials Research Center staff.

**SALES RISE 14%**  
At Mid-east Aluminum, Mid-east Aluminum Industries Corp. reported a 14 percent sales rise over the preceding year at the firm's annual meeting held last week at the Princeton Inn. Sales reached \$4,241,657 for the fiscal year ending February 28, 1969, compared to \$3,714,010. Net earnings amounted to \$10,069, reflecting losses in both the fabricating and anodizing divisions.

Ray B. Sowers, president noted that "the year was a significant milestone with the merger of Mid-east Aluminum, Mid-east Fabricating and Mid-east Anodizing into a single corporation. He explained that "the fabricating division losses can be attributed to learning curves in serving many new, large volume, highly sophisticated customers. The division reacted to its problems and operated at a profit during the last four months," he added.

"Anodizing losses were greatly reduced through the introduction of production efficient

### COOPER LENDS VIEWS

To Motorcycle Workshop, Sherman Cooper, owner of Sherman Cooper's Cycle Ranch on Route 33, was invited as one of the motorcycle experts to participate in the two-day workshop conference on motorcycle safety held in Lebanon, Pa. Sponsored by the National Commission on Safety Education, the meetings were spent re-evaluating the tentative draft on motorcycle safety formulated by the commission at an earlier time in Washington.

As an experienced rider of 25 years and a motorcycle store owner, Mr. Cooper's views were sought on the need for motorcycle driver education. The workshop felt that because of the increasing numbers of motorcycles, and because evidence has shown that an educated driver is a safer one, a national program in grade-school and high school is needed for motorcycle training and safety.

State officials, driver safety teachers, and other experts in attendance agreed that the experience of cooperative, civic-minded motorcycle dealers will be sought in the future.

Pamphlets on motorcycle safety and free instruction on proper riding methods are available at Sherman Cooper's Cycle Ranch.

### HOSPITAL HONORS SIX

At Wednesday Dinner. Dr. Edwin O'Rourke, New York City Health Commissioner, spoke at Princeton Hospital's annual Residency Award Dinner last week at the Princeton Inn. Dr. O'Rourke left his New York post this week to become director of the School of Public Health at the University of Hawaii. He was appointed to the New York City post by Mayor John J. Lindsay in January, 1965.

The dinner recognized the completion of a phase of their education at Princeton Hospital for six medical residents and interns, according to Dr. Edwin O. Hirsch, the director of medical education at the 241-bed voluntary nonprofit hospital.

The young physicians honored are:

Dr. Martin Laszlo, a 1966 graduate of the Medical School at the University of Paris, who interned at Princeton Hospital and will complete her residency in September.

Dr. Muhammad Abdur Razzaque, a 1967 graduate of the King Edward Medical College in Lahore, West Pakistan, who completes his internship in July to become a resident in the Veterans Administration in Allen Park, Michigan.

Dr. Robert K. Leel, a 1963 graduate of the Albany Medical College, who expects to join the staff of Massachusetts General Hospital, Charlestown, Community Health Center when he completes his Princeton residency in September.

Dr. William J. Boehmle, a 1964 graduate of the University of Pennsylvania Medical School, who will enter private practice on completing his residency in July.

Dr. Pijarn Kamthong, a 1964 graduate of the University of Medical Sciences in Bangkok, Thailand, who is completing his two-year residency in July and will become a resident in general surgery at Wesley Medical Center in Wichita, Kansas. Dr. Kamthong is the first Thai who earned his medical degree at the University of Buenos Aires in 1966. He completed his Princeton Hospital internship

"WE'VE GIVEN THEM EVERYTHING... HAVEN'T WE?"

The best schooling, good clothes, a comfortable home... all these are important.

But don't they need answers to the big questions—such as Who is God? What is God? Where is God? What does He have to do with me?

Your children's sense of security and lasting happiness may well depend on being given good and useful answers to these important questions.

In the Christian Science Sunday School, children learn to know God, to feel a closeness to Him, and to turn to Him for the spiritual resources they need to strengthen and enrich their lives.

Isn't this something you would like to give your children? Why not bring them next Sunday morning at

11:00 A.M. to the CHRISTIAN SCIENCE SUNDAY SCHOOL 16 Bayard Lane, Princeton

# Miss Burke: "Warm, Understanding Friend"

"Hey, Miss Burke! I just came by to pledge my support!"

The Princeton High School senior with the outstretched hand was Dan Schay, and he interrupted Miss Florence Burke's first press interview after her appointment as acting principal of PHS.

"Listen, I'll need all the help I can get," Miss Burke grinned back at Dan and he said "You'll get all you need — don't worry!"

Ever since Miss Burke left her PHS math classroom for the administrative wing, back in 1968, the door to her office has been open to students.

"That door will continue to remain open to every student at Princeton High even if it's a different door," Miss Burke said after young Schay departed.

Team Effort: Florence Burke, assistant principal and dean of girls, was appointed acting principal of PHS last Tuesday by the school board following the rejection of certification for Raymond P. Male by the state board of education's board of examiners.

"This is going to be a team effort," Miss Burke emphasized. "I'm going to need the co-operation of my fellow-administrators and the whole PHS staff, including clerks, custodians, teachers, cafeteria workers — everybody. And of course the support and encouragement of students and the community. It's a big project, and I just happen to be captain of the team at this point in time."

And she means every word that statement isn't just for public relations.

"You know, Al Seitz and Joe Drulis and I have finished out nine years together as a team — since 1960 — and one of the big reasons I felt I could say 'yes' when I was asked to take this job is that our administrative team had been working together so well for so long."

Miss Burke is referring to J. Alfred Seitz and Joseph Drulis, both assistant principals at PHS.

Congratulations. It embarrases Florence Burke to talk about the "very heart-warming response" she has had

"**HI, MISS BURKE, I'M BACK!**" No matter how long they've been away, Princeton High alumni are always dropping in to say "HI!" to Miss Florence Burke, who used to be assistant principal and dean of girls, and has just been named acting principal for '69-70.

from PHS students and townspeople since her appointment was announced last week.

"Kids came up to me in the supermarket, and this morning when I was out in one of the stores and well, you know, they sort of congratulated me. They offered me condolences, too," she grinned.

Warm student response isn't new for Miss Burke, of course, and the fact that she has been on the discipline side ("discipline" — and she squirms, "I wish there were some other word.") hasn't made a bit of difference.

In the days when clothes were regulated, it was Miss Burke who decided how short a skirt could be, and one of her staunchest alumni friends — members being sent home for wearing — horrors! — culottes.

But she saw more than just the discipline side when she served for eight years as faculty adviser to Student Council and as director of activities.

Dealing with the boys and girls who run the dances, plan the club projects, put on the school plays, broadened her contacts with the kids and freed her from having to live with that rule book all the time.

In The Closet, Discipline? Well, there was the Halloween she ran into a girl walking down the hall carrying a full-size inflated skeleton.

If you think you're going to walk around all day carrying THAT — Miss Burke warned, "why not leave it in my office closet?"

The girl stowed it away in the closet but when she returned to reclaim it, the idea of a skeleton in Miss Burke's closet seemed like a great idea. So she bought a fat one, the fading joint kind, and solemnly presented it to the assistant principal for permanent residence in her closet.

It still hangs there today and sometimes a ragged, honey leg sticks out to startle an unknowing visitor.

PHS and F. B. Miss Burke's entire career has been devoted and dedicated to Princeton High School. After grade school in Kingston — she still lives in Kingston — she was graduated from PHS in 1938. She spent a year taking extra courses, then went to Douglass College, returning to PHS to teach math after receiving her degree in 1943.

She earned her master's in student personnel administration from Columbia in 1950 when she was appointed assistant dean of girls at PHS in 1958. Two years later, she was made assistant principal.

"I reluctantly gave up that

math classroom," she says pensively. "I really loved the classroom."

But the broader experience of Student Council and noisy hallways and the counselling she gave to all those girls, has been infinitely rewarding.

In 1966, the seniors dedicated their yearbook to her.

After listing her "tasteful guidance of school activities, her energetic direction of Student Council, the hours and effort she has devoted to school dances, her contagious enthusiasm for our projects," the dedication concludes,

"because she has been a warm and understanding friend and advisor, because of the sparkle in her eye and because we like her the class of '66 dedicates its yearbook to Miss Florence Burke."

## News Of The THEATRES

**"SHOT IN THE DARK"**  
Play, from Intime. Marcel Achard's play, "A Shot in the Dark," from which the Peter Sellers film was made, will open this Thursday at 8:30 p.m. in Murray Theatre under the flag of Summer Intime.

The farce will also play this Friday and Saturday and, skipping a weekend, again on July 17, 18 and 19.

John Vennema will play M. Sevigne, the new French magistrate assigned to a case involving a nude maid, a dead chauffeur, a gun fired in the heat of passion. A lovers' quarrel—or?

Others in the comedy will be Deborah Savidge, who played Birdie in "The Little Foxes" as the maid Josefa, Beverly Rogers who was Regina in "Foxes" as Josefa's employer and Larry Strichman, production director for Summer Intime, who will be Sevigne's cynical clerk.

Tickets are \$2 on Thursdays and \$3 on Fridays and Saturdays. They may be reserved by calling 452-8181 between 10 a.m. and 10 p.m. daily.

**"THE LITTLE FOXES"**  
At Summer Intime. Summer Intime has begun this last season with a strong production of "The Little Foxes" by Lillian Hellman, a play about "people who eat the earth and eat all the people on it" and the others, the "people who stand around and watch them eat it." The play is thirty years old, and the passage of time has brought with it sensitivities

that are pained by more than the play's rampant greed. We must, in watching "The Little Foxes," as I hope many will do during the weekend of July 10, 12 at Murray Theatre, look carefully at ourselves, at what we will accept on the stage if we are conscious human beings.

Perhaps Intime might make the figures less extreme, and therefore less abstract, more like us. The Hubbards must be real enough for us to understand who they are and who we are. That is, we must see ourselves, at least in part, in them. Whenever we participate in art, we must deal with ourselves. We need to make a decision. Am I part of the problem on stage, or am I part of the solution?

A Rat and a Weasel. The Hubbards are not really beautiful enough to be foxes in this bestiary. Regina is a mink, sleek and quick; Ber is a drawing rat; Oscar a weasel. A family of rodents, they prey, would seem, upon birds: Birdie, the dipsomaniac victimized by marriage to Oscar, bathes of kindness and of going home to the old life, before desperation; Horace, the victim by marriage of Regina, is a noble, though heart-stricken humanitarian; Alexandra, victimized by birth to Regina and Horace, is blooming with delicate vulnerability.

They are all, of course, human, and falling in some way to survive. Each, perhaps, is overwhelmed by the clarity of his own intentions; to be all good or all evil in this world means that survival is impossible. To be kind and gentle means that one is vulnerable. To be a conceiver and a cheat means that one will be conned and cheated against.

This production is filled with willful characters and strong acting. As the murderous Regina, Beverly Rogers is cool and adreline, willing to sell her husband down the river so she can go up the river to Chicago, then Paris. Her frigid drives love away. Larry Strichman's Ben sneers with all the subtlety of George Wallace, and with the same appeal.

John Vennema's controlled Oscar is simply greedy and weak; he is frustrated by wanting money, and by having it, or not enough of it. As Oscar's son, Leo, Andy Bloch is placed well in his place as tool of his elders. They are, however, less a family than a pack; each assists in the preservation of the family tree (a magnolia, no doubt) though that tree is obviously infested with poison ivy from roots to blossom.

Additional Credits. The other side of the cast, a different breed of true gentility, is equally definitive. Deborah Savage, like someone out of Chekhov, becomes a deeply pathetic Birdie Hubbard, drinking to forget what she remembers too well.

The Alexandra of Giulia Pagano matures explicitly throughout the play; she is responsive and appropriately fragile. Her sweetness matches Regina's venom. Geoff Peterson's Horace stands clearly above the family game of taking without remorse. While Regina, Ben, and Oscar seem to have been weaned on cigars, he has drunk the milk of kindness.

There are compelling exchanges between those who are human and those who are not. Implicit in this production, however, is the difference between what is affecting and what is affected.

Robert Rockwell's direction, Richard B. Williams's set, and Marie Miller's costumes, though all admirably professional, deserve some intense reconsideration. Intime's stage and Miss Hellman's play would be well-served by a less limiting ambience. The attempt to Southernize the play with draws and porticoes defeats the universality of the greed it portrays. The South, we must realize, has no corner on that kind of bile, or any other.

Needless Racism. Finally, and regrettably, this play about evil is in itself evil. It is simply impossible to accept as needful and imperative the racism of the play, and I must protest Intime's apparent feeling that the parts of Cal and Addie are indelicate enough to present intact with shuffle and smile. That the Hubbards are racists is acceptable as valid extension of their origins and heritage, however deplorable. But one hopes that Princeton audiences are far beyond accepting vile stereotypes, however integral they may seem to the work of art. They are not needed. Again, we must all decide whether we are part of the problem or part of the solution. No compromises are acceptable, however enlightened we may feel them to be. Here, sadly, Intime is part of the problem. There are no innocent degrees to degradation, and I do feel that the play will not

suffer from a revision or an excision that acknowledges elemental human dignity.

See the play, knowing that what one accepts on the stage in some way defines the audience. As we must reject the evil of greed and manipulative aristocratic autocracy, it would be a supreme hypocrisy to accept simultaneously the evil of racism, to "stand around and watch" those who would "eat the earth and all the people on it."

In Folk Concert, Cynthia Gooding, one of America's great folk singers who now makes her home in Princeton, will give a concert of folk music next Wednesday, July 9, at 8:30 in Murray Theatre under the auspices of Summer I-ome.

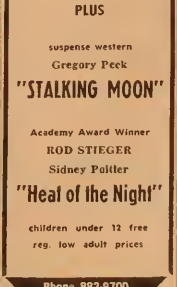

Miss Gooding belongs to the era that produced Pete Seeger, Burl Ives, Josh White and Jean Ritchie. She performed in many concerts with Theodore Bikel and made several records with him.

Of her singing, the New York Times reviewer once wrote, "she sings with a grace, purity and quiet power that create

ADVERTISING SLIGHTLY  
into Puerto Rican Foods.  
For the past three weeks, the  
A & P in Princeton Shopping  
Center has carried a supply of  
Puerto Rican vegetables—in-  
triguing and strange items  
that are being brought up here  
in the United Fruit and Stand  
and Fruit shops.

You'll be in the mood to  
pioneer a little one of these  
days' and so we want to in-  
troduce you to chayota, for  
example. (20¢ per pound), a  
squash like vegetable with a  
very delicate taste. You boil it  
and serve it with butter—just  
as you usually do with pota-  
toes or squash.

And there's batata—very  
similar to our sweet potatoes.  
It is a heavy, coarse-skinned  
vegetable which the Puerto  
Ricans usually serve boiled or  
mashed. Or try calabaza, a  
big, five-or-six pound root-like  
vegetable (2 lbs. for 30¢) which  
produce manager Leo Andreoli  
says is boiled for "eight  
hours!" This is something like  
a pumpkin; further than that  
we're not prepared to go.

Venturing on, there are two  
deep, dark Caribbean foods,  
malanga and culantra, which  
are very native. The latter  
is a squash. More than this,  
a Puerto Rican friend of ours  
was unable to say.

There's a basket full of ajien,  
which you will immediately  
recognize as peppers. This is  
a pod size little pepper—some  
orange, some yellow, and as  
wrinkled as a crane. The Puer-  
to Ricans throw them into var-  
ious recipes—in rice, for in-  
stance—and you'll find they  
are pretty hot. (98¢ per lb.)

Several fruits from the Car-  
ibbean are on hand, too. Yel-  
low brown plantains ("platan-  
os") which look like gross  
bananas. To serve them as a  
side dish, you slice them with  
diagonal slant strokes into fair-  
ly thick pieces, fry in deep fat,  
drain and flatten them a little  
—then put them back into the  
oil or fat for a few minutes to

make them crisp. Serve them  
with rice dishes.

Or, for variety, slice the  
plantains as slim as a potato  
chip—cutting straight across,  
deep fry, drain and salt. Serve  
as a snack.

The A & P also has mangoes  
from Haiti. When they are ripe,  
they are as soft as a peach and  
the skin has a reddish tinge,  
spotted here and there. One of  
Mr. Andreoli's customers, a  
woman from Hawaii, told him  
how she likes mangos best—  
She peels the skin away and  
eats the fruit right down to the  
long, flat pit.

## GENTLE GIFTS

In Beautiful Tins. If you've  
managed to square away time  
for two hours of weekly volun-  
teer work at Merwick, you  
know the enthusiasm a small  
gift can generate in an elderly  
person's routine, small world.  
Thinking of this, we stopped  
in at Louise Mass' fragrant  
shop on Palmer Square where  
we were hard put to choose  
between the tea biscuits and  
cookies, packed so very at-  
tractively in the tin boxes that  
the old dears use to squirrel  
away their "tillings."

The cookies, in regular and  
dietetic packs, are hospitably  
shared when the elderly gather  
in twos and threes in each  
other's rooms or when they  
have visitors. So your small  
gift goes a long, cheery way.

From Deomar, Louise Mass  
has the Kjeldsen butter cook-  
ies, crumbly and not too sweet.  
Peek Frean's assorted biscuits  
from London, come in square  
or round tins. Yellow prim-  
roses, for instance, decorate  
the box.

And there's the all-butter  
"Festival" shortbread from  
Canada, and prettily packed  
dietetic cookies from the Cookie  
bar.

Miss Mass, who also has a  
tip-licking selection of cookies  
in trays behind the glass coun-  
ter if you want to keep the  
beautiful boxes constantly  
filled, says there is a run on  
her cookie department. "I've  
sold 12 dozen boxes today!"  
They are so good, we are not  
surprised.

## FOR SUMMER DINING

From Happy House. We were  
wondering the other day when-  
ever the very delicately designed  
and inexpensive glassware of  
today will be a collector's item  
in our grandchildren's day,  
becoming in time as rare and  
valuable as the old Salem  
County glassware. The selec-  
tion at Happy House in Prince-  
ton Shopping Center started us  
on this trend of thought. Much  
of the glassware is imported,  
coming in some instances from  
beyond the Iron Curtain into  
Poland. The patterns range  
from sturdy replicas of colonial  
designs to light, nearly  
floating shapes with a lovely  
bell tone when you flick the  
glass with your finger.

Cordial sets in Italian glass  
come in shades of amber, or  
green or Copenhagen blue. The  
decanter is a slim-necked, fat-  
bellied teardrop, matched by  
six small glasses. (\$5.95 the  
set). Next are six coffee  
glasses, clear colored, gold  
rimmed, shaped like a small  
mug. (\$1.49, complete with  
recipe.)

Happy House carries the  
Colony glass works' Early  
American crown thumbprint  
pattern in a sturdy glass that  
bespeaks of walnut wainscot-  
ing and Governor Bradford.  
You'll find glasses, plates,  
sherberts, and so on—in a  
choice of colors such as yellow-  
green, amber, or smoke blue.

We noticed covered glass  
dishes, just the right size for  
relishes and spreads when you  
are eating outdoors. (From \$2  
up). Some of these are from  
Poland. A particularly attrac-  
tive dish in clear glass is topped  
with a teardrop lid of forest  
green glass. A very delicate  
piece.

Happy House has a great se-  
lection of glass ski mugs, punch  
mugs, pitchers; metal topped  
cocktail shakers (12 oz. up to  
42-oz. sizes) and punch bowls  
with lilies and matching glass-  
es. Plus the usual "right"  
glasses for the drinks you are  
serving. The decanters are  
well designed and understated.

a world... and there is no world beyond it.

**PLAYHOUSE**  
Popi (now playing). Mostly Popi is a comedy about family relationships. "Life with Father" in the slums with Alan Arkin in the title role. Arkin has made his screen reputation playing eccentric characters. He was the kooky Soviet savior in "The Russians Are Coming," the comically deaf mute in "The Heart is a Lonely Hunter." Now, he is Abraham Rodriguez, the determined Puerto Rican father in Spanish Harlem who nearly kills his children through his obsessive desire to secure a decent start in life for them. "I want them to feel high in their shoes," he says. His outlook has a wry, sometimes clownish humor that filters a protest against the way he has been short-changed by life. Beneath his comic portrayal are glimpses of the underlying violence and rot of the slum community.

Rita Moreno is on screen briefly as Rodriguez's girl friend, fleshing out the part well. Puerto Rican and Cuban residents of the area fill in for minor roles, etching the ethnic background. Miguel Alejandro and Rukun Figueroa, both selected for the children's roles from a group of Spanish Harlem school children, do a fine job.

**GARDEN AND PRINCE**  
Finian's Rainbow (starts Thursday), a well-received Broadway play 20 years ago, has finally made it to the screen, and thanks to some imaginative treatment by the filmmakers, has retained most of its charm.  
The old-time plot, which has an Irishman named Finian steal a pot of gold from a leprechaun and take off for America with his young daughter, still stands up well. With the bits of Irish folklore, are the elements of Americana — everything from how-to-get-rich quick philosophy to racial big truths, represented by the Irish immigrants and the American backwoods tobacco farmers made for some strong satirical humor that is surprisingly undated two decades later.  
The musical score, with songs like "That Old Devil Moon," "If This Isn't Love," and "When I'm Not Near the Girl I Love," has not suffered either. The alert, who know the song lyrics, may detect an oc-

casional modernized lyric. In August 2, Eddy Arnold on "If This Isn't Love," for example, a reference to Carmen Miranda has been switched to Zsa Zsa Gabor. Anyone remember Carmen Miranda?

The durable Fred Astaire is Finian, and he can still whip through those dance routines effortlessly. Pop singer, Petula Clark, in her film debut, is his daughter, and Keenan Wynn, the bug-eyed senator. All in all it's a well rounded musical in the usual opulent Hollywood style.

**SUMMER FILM**  
"From Here to Eternity," Burt Lancaster and Deborah Kerr star with the air-conditioning system in "From Here to Eternity," scheduled for 8 p.m. showing next Monday in McCormack 100 on the University campus. The building is next to Murray Theatre.  
"Eternity" is second in Summer Intimate's parade of films for warm evenings. It features, in addition to Lancaster and Kerr, Frank Sinatra, Montgomery Clift and Donna Reed. It was adapted from James Jones' novel about Army life in Hawaii before Pearl Harbor. Tickets are \$1 and may be purchased at the door. Subscriptions to the series may be reserved by calling 432-8181 between 10 a.m. and 10 p.m. daily.

**BEVERLY SILLS TO SING**  
At Waterloo, Soprano Beverly Sills will sing the title role in Handel's opera "Semele" to be given in concert version, Waterloo Village this Friday at 8:30 p.m.  
Waterloo Village is the village at Stanhope, N. J., said to be the only pre-Revolutionary village still intact, to which nothing has been added in more than a century. It is on hour's drive from Princeton on Route 206.

The Handel opera is being given as part of the second annual Waterloo Village Music Festival. Concerts are held in a 2,500-seat tent theatre, everything from how-to-get-rich quick philosophy to racial big truths, represented by the Irish immigrants and the American backwoods tobacco farmers made for some strong satirical humor that is surprisingly undated two decades later.  
The musical score, with songs like "That Old Devil Moon," "If This Isn't Love," and "When I'm Not Near the Girl I Love," has not suffered either. The alert, who know the song lyrics, may detect an oc-

Future events scheduled for the Festival are pianist Van Cliburn on July 19; Roberta Peters and Jan Peerce on

August 9 and a Viennese Night on August 23, with Gary Graffman as piano soloist. A final concert, artist to be announced, will be held August 30.

Tickets for "Semele" may be reserved by calling 201-217-5415. Prices are \$6.50, \$5.50 and \$1.50. Lawn seating is \$2.50. Mail may be addressed to Waterloo Festival, Stanhope, N. J. 07817.

## Giants-Eagles Game Worth \$1 Million to Charity

The New York Giants-  
Philadelphia Eagles football  
game, staged here each  
summer under sponsorship  
of the New Jersey Chamber  
of Commerce, is now a mil-  
lion-dollar enterprise.

Since the two NFL rivals  
first met in Palmer Stadium  
seven years ago, proceeds  
for charity have netted  
\$1,963,000. Last year, more  
than \$153,000 was raised for  
charities throughout the  
state and for youth, sports  
and community service pro-  
grams backed by the Junior  
Chamber.

Some \$97,000 went to  
about 300 charities. An addi-  
tional \$40,000 was allocated  
to various Jaycee projects,  
while \$16,000 was added to  
the Chamber's Scholarship  
Fund at Rutgers. Eight such  
awards, worth \$2,000 each,  
are given to incoming fresh-  
men at each of the State  
University's four divisions.

At New Brunswick, Doug  
Lass, Newark and Camden.  
Princeton's Jaycee chap-  
ter was allocated the largest  
total among more than 175  
units in New Jersey, receiv-  
ing \$4,267. Second in line  
was Newark, the larg-  
est city in the state, which  
was given \$2,707.68.

About a dozen educational,  
charitable and welfare or-

ganizations in the Princeton  
area were beneficiaries of  
the total distributed here.  
The largest amount, \$1,500,  
went for scholarships for  
Princeton area residents at-  
tending Mercer County  
Community College. The  
Youth Employment Service  
was another organization  
singled out by the Jaycees.

Contributions from the  
Jaycees resulting from the  
1966 game also went to the  
YMCA, the Junior Tennis  
Association, Family Ser-  
vice, Boy Scouts, Junior  
Museum, First Aid Unit and  
Rescue Squad, Princeton  
Study Center, Foster Pa-  
rents, and the Institute of  
Applied Politics at Trenton  
State. Since that first game  
in 1962, the Princeton Chap-  
ter has raised \$477,000 for  
charitable allocation.

Tickets for the 1966 game,  
to be played Saturday, Au-  
gust 30, are being sold this  
year at \$8, \$6 and \$4. They  
may be ordered by tele-  
phone (924-0100). Monies  
through Friday from 9 to 5,  
or by mail through the Jay-  
cee Football Classic, P.O.  
Box 462, Princeton. A 50-  
cent handling charge should  
be added to mail orders.  
They are also on sale at the  
University Store, Hinkson's  
and Cousins.

## It's New To Us

—Continued From Page 33—  
Moving on from glass to the sturdiness of steel, we were struck by the feeling that the designers of sterling silver flatware have simply not kept pace with the artists who are at work on patterns for stainless steel. The display at Happy House will startle you with the imagination and elegance of the piece settings. The prices range around \$15 and \$18 a 24-piece set.

There's a set etched with deep horizontal scrolls; another in a floating basket weave; another cut in a slim streamline. One is simply marked off by several deep bands around the handles; below is a set with inserts of ebony black. They are all extremely attractive.

Happy House has experienced a big demand for its Ronson Variflame table Chef—the portable gas range that sits so helpfully on your buffet or patio table. It runs on butane gas, which burns very cleanly—and if you are among those who doubt the value of charcoal smoke in your meats, this is your substitute grill. It's attractively easy to use, and it comes in single or double units with controls for cooking temperatures (\$29.95 or \$44.95). Happy House also has an amusing variety of salad bowls, ranging from Mexican ceramic to stained woods. If you're preparing cheese fondue, you'll need a ceramic pot; if it's beef on the menu, you need the steel pot—and the shop has them in all sizes and weights.

As a final thought, Happy

House has become a little concerned over whether or not stainless steel carving knives keep a sharp edge. As they get deeper into the controversy, they began to favor steel. You'll see a truly wonderful assortment of professional chef's knives of high carbon steel made in France.

The knives, with devilishly pointed tips and fairly wide blades, are available in all sizes for all purposes you can think of short of murder. The prices range from \$1.80 up to about \$8. "Sabatier" is the brand name.

**5 BEDROOMS** . . . on 5 beautiful acres in the country, where the land is rolling and dotted with clumps of trees, here is a large house built by a builder for himself. First level has family room, 2 bedrooms and bath. Upper floor has living-dining room, a wonderful kitchen with walnut cabinets, 3 bedrooms and bath. Lots of storage space. Great house for a big family. (\*) \$153,000

**TWO ACRES** in the country, but with a Princeton address! Only 5 minutes from the center of town, this well-built one-story home has large living room, dining area, kitchen with many cabinets and breakfast bar, study, 3 bedrooms, 2 baths, big basement. Beautiful trees and shrubs, outdoor, PLUS a very large swimming pool warranted to make Summer wonderful! \$45,000

**PRECIOUS** . . . a darling house — exactly suited to a romantic couple, or to be a wedding present. Almost hidden behind its trees and hedges, as you drive by you get a glimpse of bricks and a rugged shake roof that tells its story of quality and charm. On Province Line Road, near Beden's Brook, house has living room, dining room, den with beamed ceiling, music room with slate floor, kitchen, and (upstairs) 4 bedrooms and 1 bath (\*) \$49,500

**ONLY 10 MINUTES** from Princeton, on one-and-a-half place in well landscaped acres, this long, low, spacious home was designed to make living in the country real plenty. Living and dining rooms are large & airy, and any housewife will envy the owner of the marvelous kitchen, with lots of room for family breakfast and lunches, 3 big bedrooms, 2 full baths, a study (or 4th bedroom) 2 powder rooms. (\*) \$68,900

**GROWING FAMILY?** . . . Here is a sprawling one-story house with a great expansion attic — plenty of space to add 2 more bedrooms when the baby comes. At present, the house has large (15'x30') living room, with fireplace, separate dining room, big kitchen (17'x19'), paneled study, a master bedroom 19'x13, two other bedrooms 14'x15, and huge closets with many built-ins. Two full baths. Maid's room has been converted into an extra kitchen, could easily be changed into a family room or 4th bedroom as there is a bathroom adjoining. (\*) \$79,500

**TRULY RURAL** . . . not far from the Delaware River, hidden in a cluster of great old shade trees. This 200-year-old fieldstone farm house is already restored and modernized, 4.9 acres of land, with fruit trees, too! The house has a spacious foyer, with a charming powder room to the left. To the right, a large living room with fireplace. The paneled library, too, has a fireplace. There is a very big dining room, and a large modern kitchen with ample breakfast space and a huge fireplace. Second floor: 4 bedrooms, 2 baths. Third floor: 2 bedrooms, 1 bath, 3-car garage. Big swimming pool. (\*) \$76,500

**FOR MODERN LIVING** . . . central air-conditioning, of course, for comfort; a huge living room in a wing by itself, so that it's a place to live in, not a passageway, master bedroom study and bath (for privacy) on the far side of the house, away from the children and their TV; a big kitchen so gleaming and modern that every housewife will yearn to spend her dining room with fireplace. A spacious family room with powder room, and 3 more bedrooms and bath. \$75,000

**HORSES! . . . HORSES!** — only a short drive from Princeton, here are 11 acres in a very nice, very horse country side. There's a big barn, too — a very solid structure that needs no more siding but large enough for 4 box stalls and a tack room. The land is rolling, with many trees and shrubs, but it's not a forest — you can really look over your own acres and enjoy the view. The old farm house has a sun porch (which could be a new toyer) and large paneled living room, a great big room, a modern kitchen, bedroom and bath on the first floor. Upstairs, there is now a large apartment, with its own entrance, which brings in more than enough to pay taxes, but which could easily be changed back into 4 bedrooms and bath. (\*) \$53,500

**LIVE IN YOUR OWN PARK** . . . flowering shrubs, towering trees, smooth lawns . . . And all Summer long, enjoy the big swimming pool, which is far enough away from the house so that the decibels of childish clamor will not be the great outdoors. Large paneled family room with working bar, foyer, living room with fireplace, separate dining room with doors leading to a beautiful flagstone terrace, modern kitchen with eat-in facilities and a large screened porch which can be glass-enclosed and heated in the Winter. 5 bedrooms and 4 baths, plus a roughed-in 6th bedroom and bath. Ample storage attic. Big closets. Let us show you this lovely home in Edgerstown . . . soon! \$97,500

**MAGNIFICENT** . . . On its own 5 acres, in a fine Princeton location, this great house stands away back from the street. Lofly shafts of trees and beautiful gardens surround it. Made of stone, 18 inches thick, with high ceilings and tall windows, it stays cool and quiet all through the Summer. Huge living room, with fireplace, banquet hall (dining room is inadequate) with fireplace, butler's pantry with cupboards for 30 place settings; fine big kitchen and powder room. Upstairs: 5 master bedrooms, 3 maid's rooms, 4 baths. \$169,500

**LAND**  
**STUART HILL** . . . Fabulous 2-acre building sites in the most desirable part of Princeton. This neighborhood appeals to people who dream of living in castles among lofty trees. All utilities installed.  
**44 ACRES** . . . near Pennington. Prime land for development. 1 acre zoning. 1450 feet of frontage. We expect satisfactory appreciation in value when Interstate 95 is completed and crosses the hill. \$4000 per acre half a mile away.
